

CAMRIS International

Profile

CAMRIS is a unique, fast growing, dynamic international development firm that has experienced exceptional growth since 2007, emerging from its small business status and managing over \$130 million in federally-funded global support contracts.

With more than 50 years of experience designing and managing complex, large-scale projects in all regions of the world, CAMRIS has combined proven interdisciplinary technical and management approaches to develop and implement effective solutions in support of clients' program goals.

CAMRIS has operated in nearly 80 countries, often in austere conditions, with a focus on evidence-based quality, reliability, and sustainability in the following areas:

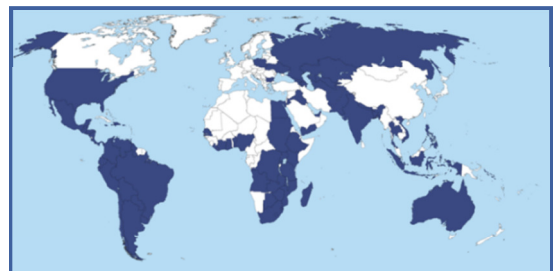

- Global Health
- International Development
 - Democracy and Governance
 - Disaster Preparedness
- Public Health & Clinical Research

Our technical expertise includes Monitoring & Evaluation, Knowledge Management, Capacity Building, Strategic Communications, and eLearning.

CAMRIS' largest clients include:

US Agency for International Development
US Department of Defense
US Department of Veterans Affairs

Dedicated to improving the health and well-being of communities worldwide.
